

## **Directions to East Point Business Park**

### **From the M50**

Take the Airport exit and

- Follow the signs to the **City Centre**
- Continue through the areas **Santry** and **Whitehall**
- Turn **left** down **Griffith Avenue** – a wide residential road with trees lining either side – easy to spot on a map
- Keep going straight and go through the traffic lights at the **Malahide Road** junction and turn right. Keep going straight to the traffic lights at the end of that road (Fairview) and take the left slip road to the left just before the lights and turn left at the end of this slip road. Keep on to the next lights and go straight through them (under the railway bridge).
- Continue on to the **next set of lights** and take a **right** turn on to **Alfie Byrne Road**, where you will see an expanse of large glass fronted buildings across the water – this is East Point
- Continue on Alfie Byrne Road until you reach a set of lights just after a bad bend. Turn **left** at these lights and you will find yourself at the main entrance of the East Point Business Park.
- Once you have cleared the security barrier, continue to the very end of the road to a T-junction (East Point Plaza Building will be in front of you) and take a **right**.
- Take the first **left** and then **left** again.
- There is a multi-storey car park on your right, turn right into the car park and continue up to the 3<sup>rd</sup> floor.
- Cisco parking is on the far end of the **3<sup>rd</sup> Floor** and you will see Cisco signs on the walls – park there.
- Use the stairwell in the centre to get down to ground level, where you will exit the car park and find yourself facing the back door of the Cisco building (the Security Reception).

Security will take you through to the main reception.
