

Transform your network into an engine of innovation.

Deliver innovative experiences faster.

Hyatt Regency Santa Clara partnered with Cisco to create a personal, insight-based customer experience using Cisco® Connected Mobile Experiences (CMX) and Wi-Fi.

Hyatt Regency Santa Clara was able to:

- Monitor data on customer facility use.
- Monitor popular guest services.
- Discover heavily trafficked areas.
- Gauge effectiveness of digital ads shown in house.

Smart. Simple. Streamlined.

It starts with automation, assurance, and helping you manage a growing number of devices and applications. It's being able to do more with less.

Zitcom is using Cisco software-defined networking (SDN) solutions to reduce time to deploy applications to the market from hours to minutes.

“Suddenly doing firmware upgrades, it's like child's play.”

— Thomas Raabo, network operations manager, Zitcom

Luftansa Systems adopted Cisco Intelligent WAN (IWAN) and reduced provisioning time by up to **80%**.³

Penn Mutual used Cisco Meraki® solutions to autoprovision site-to-site VPN, driving **40% savings**.⁴

“Five years from now, 40% of the market leaders in any industry won't be the market leaders anymore because of the pace of change.”⁵

— Chuck Robbins, CEO, Cisco

Your network: A sensor and enforcer

Lower risk and ensure compliance by activating security throughout your network, from on-premises to the cloud.

Cisco can detect attacks over **100x faster** than the industry average.

46 hours vs. **200 days**⁶

Mondi Group, an Austria-based manufacturer with operations in 30 countries, used Cisco TrustSec® technology with Cisco Identity Services Engine (ISE) to:

Scale security without adding IT personnel.

Promote a flexible bring-your-own-device policy without compromising security.

“The Cisco solution gives us a very precise way, from the wireless access point or the switch, to identify who is trying to access what. It allows us to place users in the right category and have the right policy to match information security demands.”⁷

— Roman Scarabot-Mueller, head of infrastructure, Mondi Group International

It's time to evolve your network into a source of innovation. It's time to make it ready for digital. The [Cisco Digital Network Architecture](#) can help. Learn what you can accomplish when you network the next.
