

My Devices

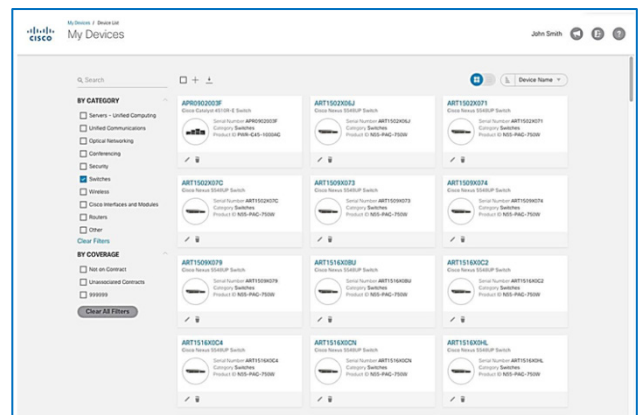

Use one application to view **support**, **service contract** and **installed base information** for your Cisco devices – from the [Support Website](#) home page or the [Cisco Technical Support mobile app](#).

My Devices shows you:

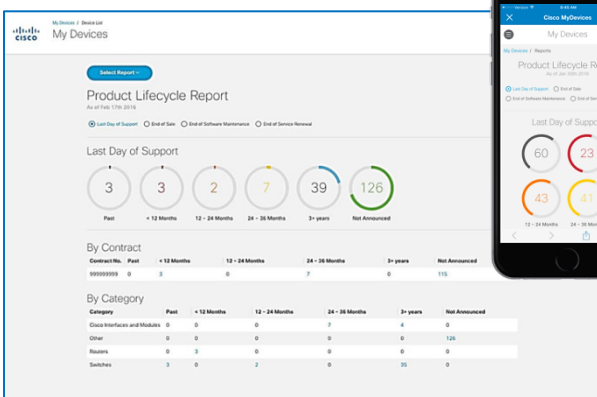

- ❖ Product details
- ❖ Contract and warranty status
- ❖ Map of installed location
- ❖ Device lifecycle status
- ❖ Model support page links

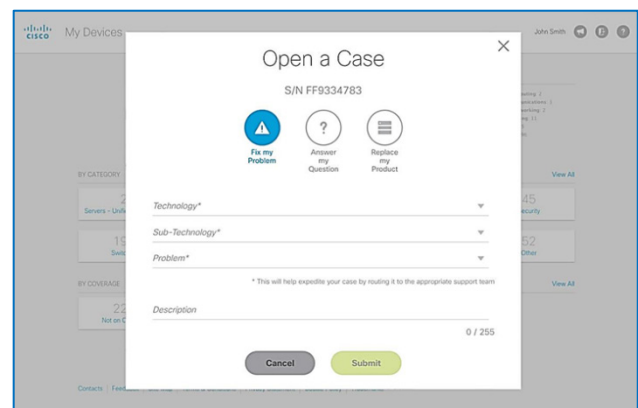

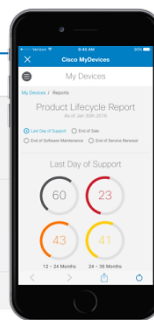

Enter serial numbers or use a bulk import tool to easily add up to **10K devices**.

Organize, view and filter devices; tag devices to enable quick searches.

Run product lifecycle, contract renewal and other **reports**.

Open a TAC support case within a streamlined flow; **view your cases** and add notes/attachments.

Go to [My Devices](#).
